

I have a strong eye for color theory, typography, and design, whether it is digital or print. I am skilled in Adobe Creative Suite (After Effects, InDesign, Illustrator, Photoshop, XD, Lightroom) and have experience with Figma, Procreate, Blender, SketchUp, and basic HTML. I also enjoy photo and video editing, which helps me bring ideas to life across different formats. I am detail-oriented, tech-savvy, and always looking to grow. With strong time management and clear communication, I make sure projects stay on track without sacrificing quality.
